Chocolate

A feast for chocolate fans in the
convenient, sustainable cartocan

Item nr.
149

What we love about bedda.?

Obviously, apart from the extra delicious taste?

For sure: the unbeatable variety! It all started with our cheese alternatives. Since they turned out so well, we gradually moved on to our next favourite products in the refrigerated section.

And voilà: From spread, to feta, all the way to hollandaise. Almost no wish remains unfulfilled.

When will you try bedda?
