- ✓ no flavour enhancers

With us, you can reach your climate goals – and you can prove it!!

Sustainability is becoming increasingly important in the catering industry.

The demand for plant-based dishes is rising as more and more people in Germany are choosing a vegan, vegetarian or flexitarian lifestyle.

The three main factors for a plant-based diet are: environmental protection, healthy eating and animal welfare.

397%
Vegan restaurant growth since 2013¹

Our footprints are home-made, meet the highest standards² and are DQS-verified.

bedda®

Make sustainability enjoyable!

Uncomplicated & varied – Our wide range of products as a response to the growing plant-based lifestyle.

We love the unbeatable variety! It all started with our cheese alternatives. And because they turned out so well, we gradually started to develop other favourite products from the fridge shelf.

With **bedda**, you can reach your climate goals – and you can prove it!

Boost
your growth
now!
